## Overview: about the agency

### Our strategic focus

The Stormwater Management Authority (the Authority) implements the Agreement on Stormwater Management between the State of South Australia and the Local Government Association of South Australia. The Authority supports the development and implementation of multi-objective stormwater management plans that address flood risk, environmental amenity and water security to maximise the public benefit of stormwater.

The Authority operates as a body for the planning, prioritisation and funding of stormwater management initiatives, and administers the Stormwater Management Fund which provides funding for stormwater planning and infrastructure projects that meet specific guidelines.

In collaboration with local government, the Authority works to:

- Ensure that stormwater is recognised as an integral part of urban water management
- Maximise opportunities for stormwater to provide public health and economic benefits
- Mitigate the impacts of stormwater on people, property and the environment.

### Our organisational structure

In accordance with section 7 of Schedule 1A to the *Local Government Act 1999*, the Authority consists of a board comprising one Presiding Member and not less than six other members.

**Legislation administered by the agency**

The Authority does not administer any legislation.

The Authority is responsible for complying with Schedule 1A to the *Local Government Act 1999*, which in 2022-23 was administered by the Department for Infrastructure and Transport.

**Other related agencies (within the Minister's area/s of responsibility)**

Department for Environment and Water.

## The agency's performance

### Performance at a glance

The board of the Authority met on four occasions during the reporting period.

Member	Meetings attended	Reason(s) for non-attendance

Mr Simon Sherriff	3	Personal reasons

In 2022-23, the board approved two stormwater management plans and approved Stormwater Management Fund subsidies of \$4.88 million.

### Agency specific objectives and performance

The Authority administers the Stormwater Management Fund. Reporting of the Stormwater Management Fund is contained under the heading 'Reporting required under any other act or regulation'.

### Corporate performance summary

The board of the Authority is administratively supported by the Department for Environment and Water (DEW). Reporting on this matter is contained in the DEW Annual Report 2022-23.

### Employment opportunity programs

The board of the Authority has no staff of its own and utilises services provided by DEW. Reporting on this matter is contained in the DEW Annual Report 2022-23.

**Agency performance management and development systems**

<b>Performance management and development system</b>	<b>Performance</b>
Government employees supporting the Authority's operations are seconded from DEW and undertake a performance review and development program with their managers.	Two sessions are held on an annual basis. This is considered to be effective.

**Work health, safety and return to work programs**

<b>Program name</b>	<b>Performance</b>
The Authority abides by the relevant health and safety policies and procedures that have been adopted by DEW to meet whole of government and legislative requirements.	Reporting on this matter is contained within the DEW Annual Report 2022-23.

## Reporting required under any other act or regulation

Act or Regulation	Requirement
Section 30(2)(a) of Schedule 1A to the <i>Local Government Act 1999</i>	Details of the extent to which the Authority's business plan has been implemented during the financial year and of the changes to the business plan proposed as part of the annual review required under clause 14(2)(b)

During the 2022-23 financial year the Authority continued to pursue the development and approval of Stormwater Management Plans (SMPs) in accordance with its business plan. In 2022-23 the Authority approved the West Lakes SMP (City of Charles Sturt) and the Barker Inlet Central SMP (City of Port Adelaide Enfield).

The Authority continues to work with Councils to facilitate development of SMPs. The following SMPs are currently being prepared:

- Adams Creek and Helps Road Drain SMP (City of Playford)
- Aldgate, Crafers and Bridgewater SMP (Adelaide Hills Council)
- Coffin Bay SMP (District Council of Lower Eyre Peninsula)
- Gawler (town) SMP (Town of Gawler)
- Gawler River SMP (Gawler River Floodplain Management Authority)
- Georgetown SMP (Northern Areas Council)
- Gladstone SMP (Northern Areas Council)
- Greater Edinburgh Parks and St Kilda SMP (City of Playford)
- Laura SMP (Northern Areas Council)
- Lower Sturt River SMP (City of Mitcham)
- Smith Creek SMP (City of Playford)
- Spalding SMP (Northern Areas Council)
- Victor Harbor SMP (City of Victor Harbor)
- West Torrens SMP (City of West Torrens)

In 2022-23 the Authority revised its strategic plan which was subsequently approved by the Minister for Climate Environment and Water and is pending approval by the Local Government Association of South Australia.

Act or Regulation	Requirement
Section 30(2)(b) of Schedule 1A to the <i>Local Government Act 1999</i>	Details of any decisions made by the Authority that differ from the recommendations made by the Committee (if established under Clause 15)

Nil to report. The Stormwater Advisory Committee is not established.

Act or Regulation	Requirement
Section 30(2)(c) of Schedule 1A to the <i>Local Government Act 1999</i>	Details of any payment from the Fund during the financial year

In 2022-23 the Authority made the following payments from the Stormwater Management Fund:

App. No.	Applicant	Project	Payment (\$'000)
208/20	Department for Environment and Water	Gawler River Flood Management Program	1,655
N/A	N/A	Operating costs of the authority*	586

226/22	Port Augusta City Council	Port Augusta Digital Elevation Model	30
212/21	City of Charles Sturt	Meakin Terrace investigation	20
198/19	Adelaide Hills Council	Aldgate, Bridgewater and Crafers SMPs	9
221/21	Barunga West Council	Mundoora stormwater	9
225/21	District Council of Streaky Bay	Streaky Bay stormwater strategy	1
<b>TOTAL</b>			<b>2,747</b>

\* Comprises or includes payment in arrears for expenses incurred in 2021-22.

Act or Regulation	Requirement
Section 30(2)(d) of Schedule 1A to the <i>Local Government Act 1999</i>	An assessment by the Authority of the adequacy of the Fund to meet claims on the Fund under this Schedule and the Stormwater Management Agreement

The Fund has been adequate to meet claims for stormwater initiatives and project commitments to date. However, through the completion of stormwater management plans and other initiatives, the Authority is aware of significant and emerging priorities for stormwater management and flood mitigation that are beyond the present capacity of the Fund.

In line with the state government commitment to implement the Brown Hill Keswick Creek Stormwater Management Plan, the Authority approved a contribution of \$4.5 million to the Brown Hill and Keswick Creeks Stormwater Board (BHKCSB) in 2022-23. In 2023-24 the Authority will continue to make a significant contribution to the BHKCSB for works identified in the Brown Hill and Keswick Creek SMP. The overall delivery of these works is constrained by the capacity of the Authority and the constituent councils to provide cash-flow.

The Authority accepts funding applications for non-works projects at any time. In 2022-23 the Authority awarded \$380,000 in funding for non-works projects. Funding for works projects is awarded only after a call for applications. The Authority made one call for applications for works projects in 2022-23, with funding to be awarded in the 2023-24 financial year.

The cash balance of \$16.166 million at 30 June 2022 (less \$5.035 million reserved for Gawler River flood mitigation projects identified in the State Budget 2021) leaves a balance of \$11.131 million. Together with the state government contribution of \$6.085 million in 2023-24, there are adequate funds to meet:

- Commitments to the BHKCSB of \$8.5 million in total (comprising \$4.0 million in 2023-24 and \$4.5 million held over from 2022-23) pending an approval from the Public Works Committee.
- Commitments to other projects with expected payments in 2022-23 totalling \$6.6 million.
- Expected commitments of around \$1 million arising from the recent call for applications for works projects.

The forecast cash flows for the Fund will require the careful consideration and prioritisation of any potential new funding commitments in 2023-24.

## To the Presiding Member Stormwater Management Authority

### Opinion

I have audited the financial report of the Stormwater Management Authority for the financial year ended 30 June 2023.

In my opinion, the accompanying financial report gives a true and fair view of the financial position of the Stormwater Management Authority as at 30 June 2023, its financial performance and its cash flows for the year then ended in accordance with relevant Treasurer's Instructions issued under the provisions of the *Public Finance and Audit Act 1987* and Australian Accounting Standards – Simplified Reporting Requirements.

The financial report comprises:

- a Statement of Comprehensive Income for the year ended 30 June 2023
- a Statement of Financial Position as at 30 June 2023
- a Statement of Changes in Equity for the year ended 30 June 2023
- a Statement of Cash Flows for the year ended 30 June 2023
- notes, comprising material accounting policy information and other explanatory information
- a Certificate from the Presiding Member and Acting General Manager.

### Basis for opinion

I conducted the audit in accordance with the *Public Finance and Audit Act 1987* and Australian Auditing Standards. My responsibilities under those standards are further described in the 'Auditor's responsibilities for the audit of the financial report' section of my report. I am independent of the Stormwater Management Authority. The *Public Finance and Audit Act 1987* establishes the independence of the Auditor-General. In conducting the audit, the relevant ethical requirements of APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* have been met.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

### **Responsibilities of the Acting General Manager and the members of the Board for the financial report**

The Acting General Manager is responsible for the preparation of the financial report that gives a true and fair view in accordance with relevant Treasurer's Instructions issued under the provisions of the *Public Finance and Audit Act 1987* and the Australian Accounting Standards – Simplified Reporting Requirements, and for such internal control as management determines is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Acting General Manager is responsible for assessing the entity's ability to continue as a going concern, taking into account any policy or funding decisions the government has made which affect the continued existence of the entity. The Acting General Manager is also responsible for disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the assessment indicates that it is not appropriate.

The members of the Board are responsible for overseeing the entity's financial reporting process.

### **Auditor's responsibilities for the audit of the financial report**

As required by section 31(1)(b) of the *Public Finance and Audit Act 1987* and section 23(2) of Schedule 1A of the *Local Government Act 1999*, I have audited the financial report of the Stormwater Management Authority for the financial year ended 30 June 2023.

My objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, I exercise professional judgement and maintain professional scepticism throughout the audit. I also:

- identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Stormwater Management Authority's internal control
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Acting General Manager
- conclude on the appropriateness of the Acting General Manager's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify the opinion. My conclusion is based on the audit evidence obtained up to the date of the auditor's report. However, future events or conditions may cause an entity to cease to continue as a going concern
- evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

My report refers only to the financial report described above and does not provide assurance over the integrity of electronic publication by the entity on any website nor does it provide an opinion on other information which may have been hyperlinked to/from the report.

I communicate with the Acting General Manager and members of the Board about, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during the audit.

Daniel O'Donohue

## Certification of the Financial Statements

We certify that the:

- financial statements of the Stormwater Management Authority:
  - a) are in accordance with the accounts and records of the Stormwater Management Authority;
  - b) comply with relevant Treasurer's Instructions;
  - c) comply with relevant accounting standards; and
  - d) present a true and fair view of the financial position of the Stormwater Management Authority at the end of the financial year and the result of its operations and cash flows for the financial year.
- internal controls employed by the Stormwater Management Authority for the financial year over its financial reporting and its preparation of financial statements have been effective.

## **1. About the Stormwater Management Authority**

The Stormwater Management Authority (the Authority) was established as a body corporate under the *Local Government Act 1999* on 1 July 2007.

The financial statements and accompanying notes include all the controlled activities of the Authority.

The Authority does not control any other entity and has no interests in unconsolidated structured entities.

### **1.1. Basis of preparation**

The financial statements are general purpose financial statements prepared in compliance with:

- section 23 of the *Public Finance and Audit Act 1987*;
- Treasurer's Instructions and Accounting Policy Statements issued by the Treasurer under the *Public Finance and Audit Act 1987*; and
- relevant Australian Accounting Standards, applying simplified disclosures.

For the purposes of preparing the financial statements, the Authority is a not-for-profit entity. The financial statements are prepared based on a 12-month reporting period and presented in Australian currency. The historical cost convention is used unless a different measurement basis is identified in the notes to the financial statements.

Income, expenses and assets are recognised net of the amount of GST except:

- when the GST incurred on a purchase of goods or services is not recoverable from the Australian Taxation Office, in which case the GST is recognised as part of the cost of acquisition of the asset or as part of the expense item applicable; and
- receivables and payables, which are stated with the amount of GST included.

Cash flows include GST in the Statement of Cash Flows.

Assets and liabilities that are to be sold, consumed or realised as part of the normal 12-month operating cycle have been classified as current.

### **1.2. Objectives and activities**

Later than one year but not later than five years	950	880
<b>Total other contractual commitments</b>	<b>7,152</b>	<b>7,760</b>

The Authority's expenditure commitments comprise approved grants towards stormwater management projects based on the approval by the board of detailed plans and applications (which include costings) submitted by councils in accordance with the Agreement on Stormwater Management between the State of South Australia and the Local Government Association of South Australia.

## **7.2. Contingent assets and liabilities**

The Authority is not aware of any contingent assets or liabilities.

## **7.3. Events after the reporting period**

Adjustments are made to amounts recognised in the financial statements, where an event occurs after 30 June 2023 and before the date the financial statements are authorised for issue, where those events provide information about conditions that existed at 30 June 2023.

Note disclosure is made about events between 30 June and the date the financial statements are authorised for issue where the events relate to a condition which arose after 30 June 2023 and which may have a material impact on the results of subsequent years.

No events have occurred after balance date that would affect the financial statements of the Authority as at 30 June 2023.
